

We are the church

It is well known that a simple coal of carbon has to suffer pressure and heat to become a diamond. Life's uncertainties may become the pressure we need to radiate the light within us.

We started 2020 with a global pandemic that restricted the physical union of Unity of Fairfax congregants. With physical distancing came new ways of organizing classes, gathering groups, and continuing Sunday services. We continue to be the Center for Education Practice and Service we are, now not only for Oakton and Northern Virginia areas, we are shining our light to the world.

Within weeks we found ways to “play and learn” and to gather as the family we are because we are the church.

The Board of Trustees of Unity of Fairfax would like to extend the deepest thanks to all the community leaders and volunteers who work so that our center continues transcending the physical and geographic barriers spreading the message of Truth. Thank you for shining with your talents right now and under these circumstances. You are our diamonds.

Namaste,

Marangely Sandvik
Secretary - Board of Trustees
Unity of Fairfax
